

Project Type: Basic HTML Structure

Objective: To create a simple webpage using HTML showcasing information about Dr. A.P.J. Abdul Kalam.

- **A heading for Dr. A.P.J. Abdul Kalam**
- **An image of him**
- **A paragraph about him**
- **A table with 5 years and awards**
- **An ordered list of his titles/roles**
- **A simple form with fields**
- **A button that redirects to his Wikipedia page on click**
